SHIPYARD REPRESENTATIONS
MARINE UNDERWATER AND AFLOAT SHIP REPAIRS
Since 2006 BPCO LTD Ship Brokers has provided a wide range of services to the shipping industry, focused on shiprepairs, shipbuilding equipment, spare parts, underwater services, fuel additives and other special products for the marine industry.

When Arsenios T. Papatheodorou founded BPCO LTD, his vision was to create a company, which would serve, at the best of the maritime capability as a one stop shop, by providing high levels of diversified services to the shipping industry.

Presently, BPCO LTD represents on exclusive basis the biggest brands on their fields such as Messrs Panasia Systems (leading manufacturer for Water Ballast treatment units and Scrubber Sox/De Nox systems), Power Research (a leading supplier for marine fuel additives based in USA), HLB (leading manufacturer of complete GRE/GRP pipes, lifeboats, Sox scrubber line), T&T Salvage (for afloat and underwater services in USA), Underwater Shipcare (one of the best & oldest underwater companies in Singapore).

With its aspiring motto «We are big enough to meet the challenge and small enough to care», BPCO LTD’s vision is to continue to deliver fast, innovative, efficient and integrated international maritime services to shipping companies around the world.

BPCO LTD has been approved with ISO 9001-2015 Quality System Certification under Bureau Veritas class.
