COMPANY PROFILE

JANUARY 2026

ABOUT BPCO

BPCO is a global maritime solutions provider, delivering integrated services and technologies to the shipping industry worldwide.

- ESTABLISHED IN 2006
- 40 FULL-TIME PROFESSIONALS
- GLOBAL PRESENCE & NETWORK

Your 360° Maritime Solutions Partner

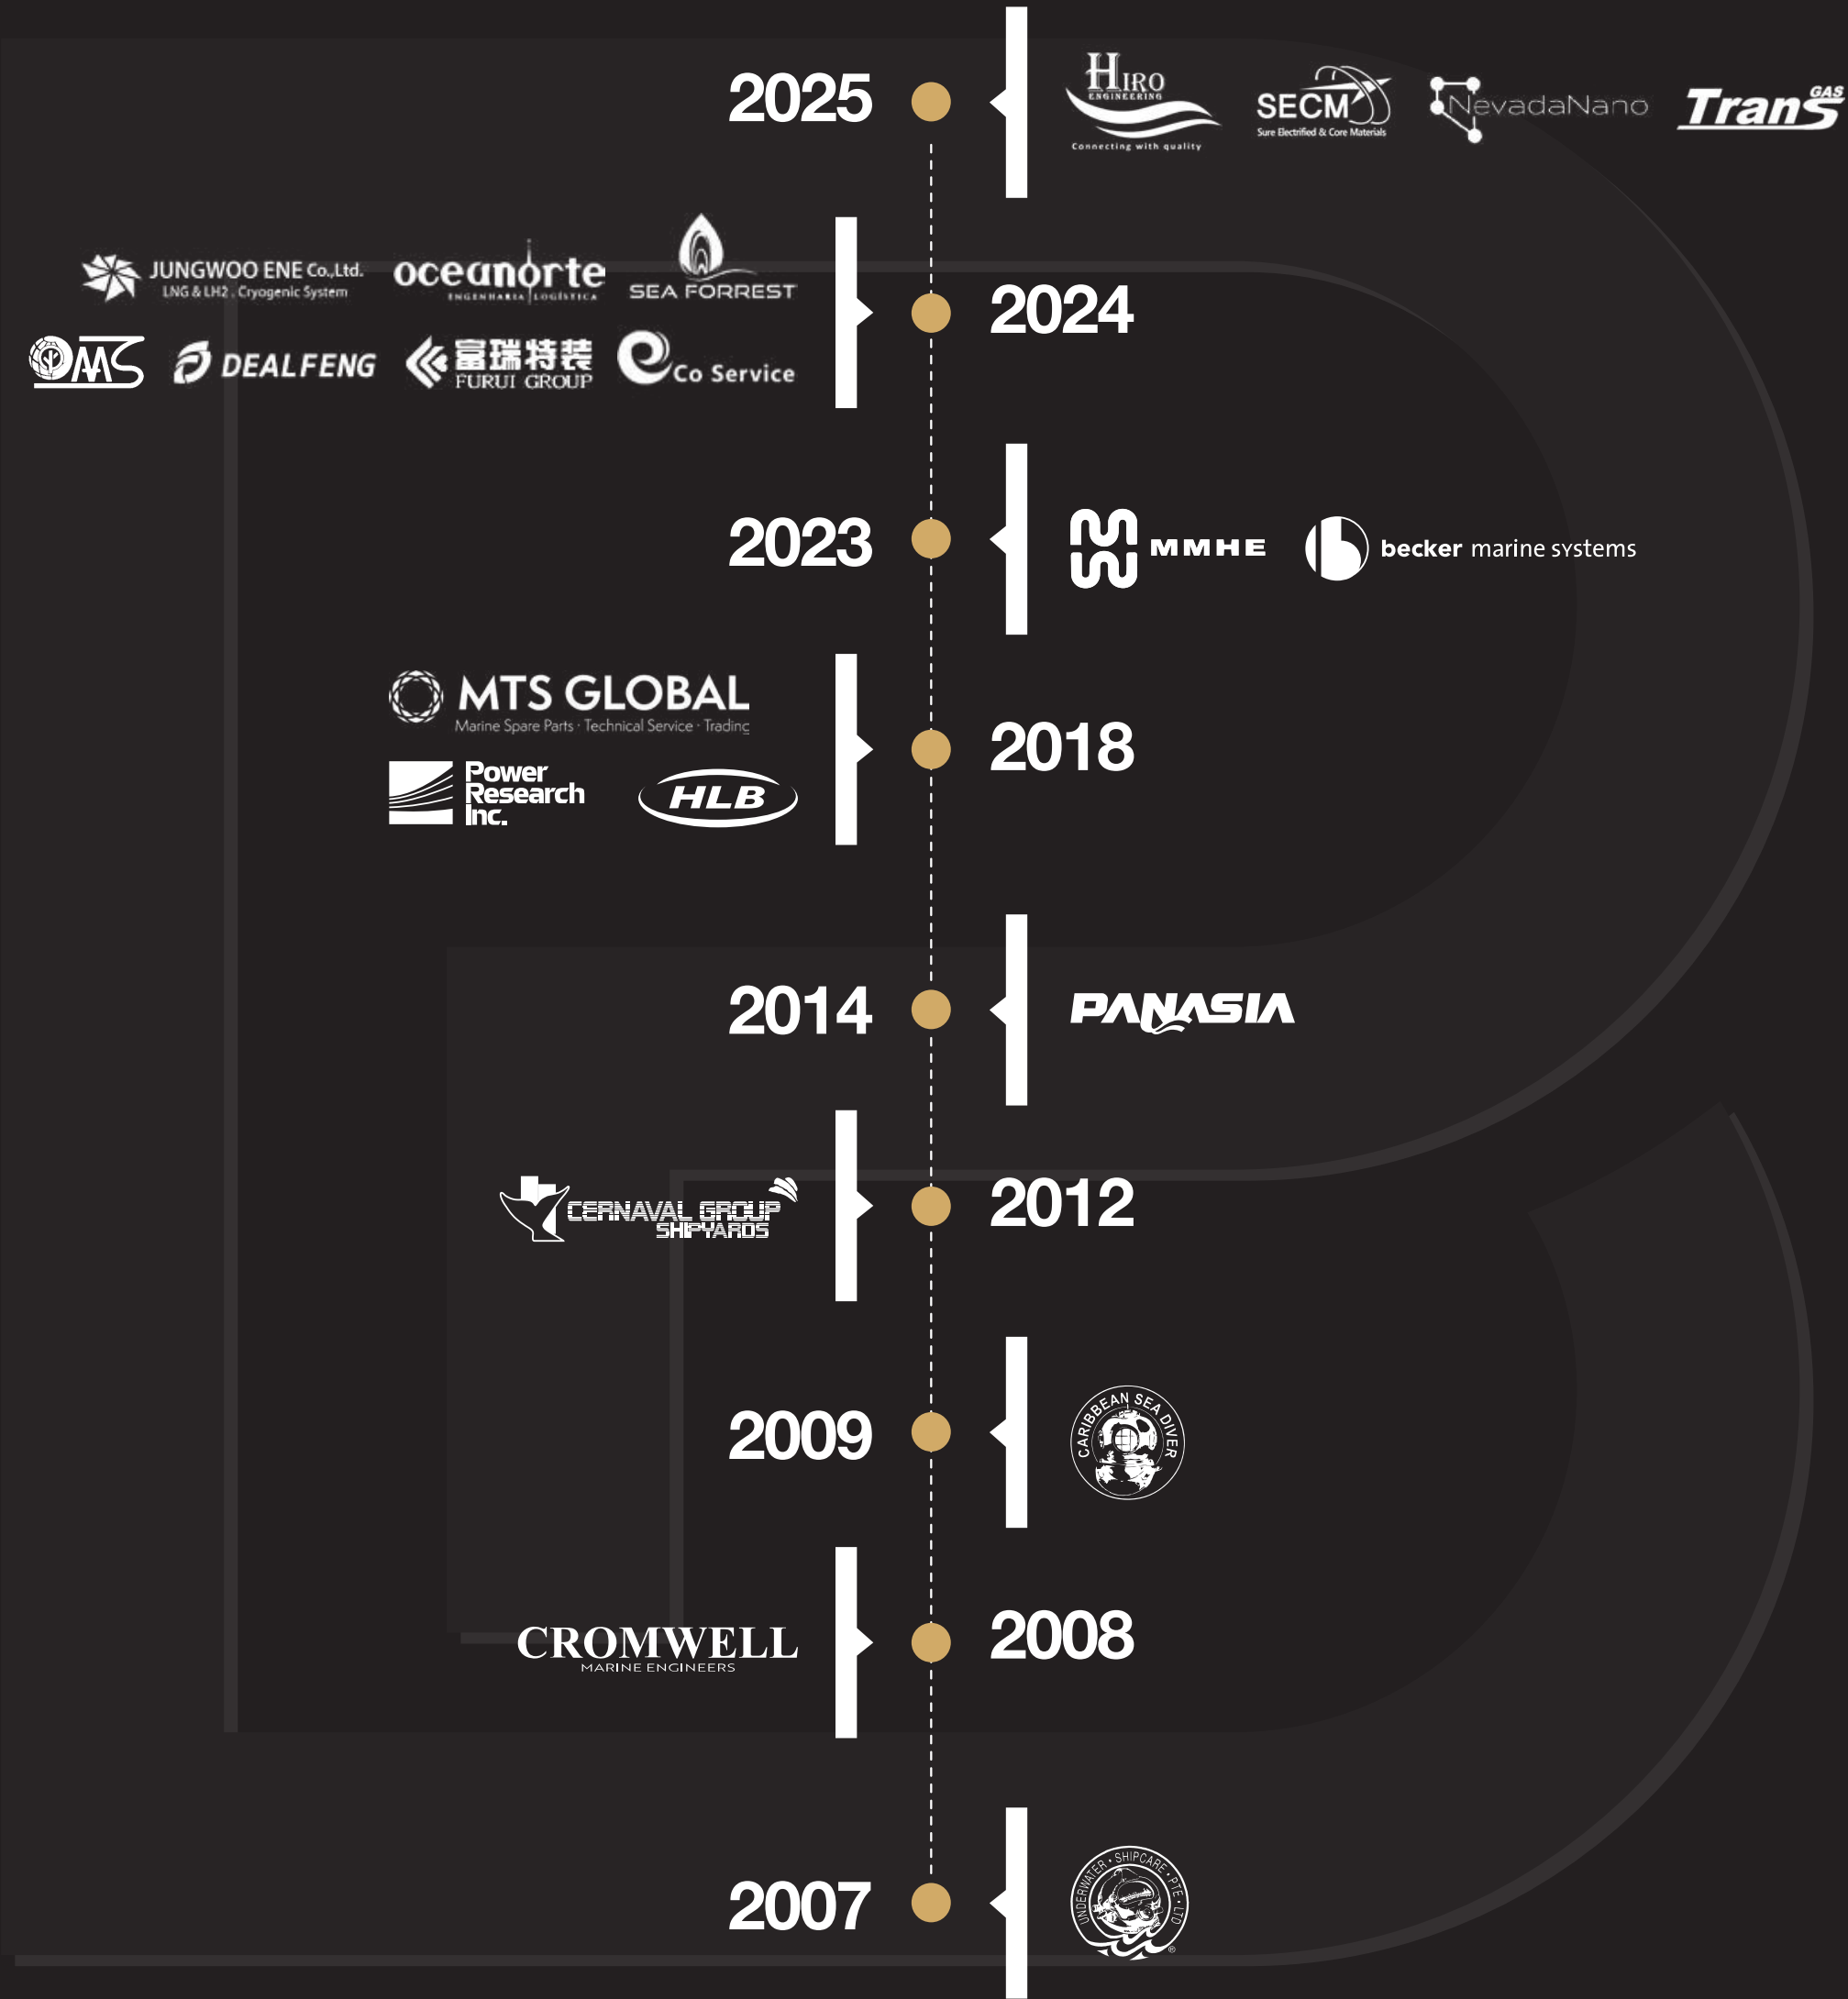

BPCO MILESTONES

BPCO L TD has established strong exclusive partnerships with top-tier organizations in the maritime sector, delivering premium services globally. These collaborations emphasize BPCO L TD’s dedication to high standards and excellence. The company offers specialized services such as ship repair, navigation systems, safety solutions, and more. This diverse portfolio caters to the unique needs of each vessel, providing a comprehensive solution for maritime businesses.

Our commitment to innovation and technology ensures that you stay ahead in the evolving maritime industry. Invest- ments in cutting-edge equipment allow us to exceed client expectations.

We prioritize sustainability and environmental responsibility. Partnering with like-minded companies, the organization positively contributes to the global maritime community, aiming to preserve oceans for future generations.

We are committed to fostering a zero-waste future, we diligently pursue innovative strategies and collaborative initiatives to minimize environmental impact and maximize resource efficiency.

Repairs Division

Malaysia Marine and Heavy Engineering Holdings Berhad (MHB) is a globally trusted energy and marine solutions provider for a wide range of offshore and onshore facilities and vessels.

MHB has 50 years of track record in delivering integrated and complex solutions to international oil & gas clients. Owns and operates the largest fabrication yard in Malaysia and Southeast Asia that is equipped with world-class facilities, MHB is recognised for its expertise in offshore deepwater fabrication, offshore conversion services and ship repair which include LNG carrier repair and dry docking. MHB also owns three dry docks which are amongst the largest dry docks in Southeast Asia.

MHB operates a regional Centre of Excellence – a learning centre that produces technically expert workers for the oil & gas and marine industries.

MHB acknowledges the importance of delivering solutions that are sustainable to our stakeholders, providing services that support the global energy transition in the areas of renewable energy, decarbonisation such as carbon capture facilities & energy efficiency.

EXCLUSIVE REPRESENTATIVES
